

SERIP

Special Edition Vogel

REFERENCE PX102

DESCRIPTION

Inspired by the lunar surface, Vogel handle was named after a small moon crater, establishing the connection with the pattern composed by thousands of tiny craters, producing shades and unique forms that print the Serip's signature using singular organic patterns. This piece reproduces several nature impacts, resulting from the touch of other celestial bodies with thousands and millions of years. Creating unique forms that can be discovered and rediscovered in every touch and every look.

Finish shown here Metal RO

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
